A

Abstracts
Abstracts presented at the annual meeting of the American Academy of Oral Pathology. 1987;64:563-9

Acquired immunodeficiency syndrome
Clinical and histologic spectrum of oral hairy leukoplakia (Schiødt et al). 1987;64:716-20
Oral *Cryptococcus neoformans* infection in AIDS (Lynch and Naftolin). 1987;64:449-53
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Oral manifestations of disseminated *Cryptococcus neoformans* in a patient with acquired immunodeficiency syndrome (Glick et al). 1987;64:454-9
Oral mucosal cytomegalovirus as a manifestation of the acquired immune deficiency syndrome (Kanas et al). 1987;64:183-9

Acrylic
Labial veneers in the management of desquamative gingivitis (Wray and McCord). 1987;64:41-2
A modified technique for the construction of acrylic stent for removal of oral tori (Yotnuengnit). 1987;64:26-8

Acupuncture
Is acupuncture sufficient as the sole analgesic in oral surgery? (Hansson et al). 1987;64:283-6

Acyclovir
Acyclovir and the treatment of herpetic whitlow (Schwandt et al). 1987;64:255-8

Agenesis
Agenesis of a primary and permanent incisor (Alexander et al). 1987;64:377

AIDS; *see* **Acquired immunodeficiency syndrome**

Alcohol
Dental erosion secondary to ethanol-induced emesis (Simmons and Thompson). 1987;64:731-3

Allogeneic bone
The use of allogeneic bone for alveolar cleft grafting (Kraut). 1987;64:278-82

Alloplastic implant
Retained alloplastic temporomandibular joint disk implants: a retrospective study (Bronstein). 1987;64:135-45

Alveolar bone
Application of computed tomography for diagnosis of alveolar bony defects (Katagiri et al). 1987;64:361-6
The use of allogeneic bone for alveolar cleft grafting (Kraut). 1987;64:278-82

Alveolar nerve
Assessment of recovery from injury to inferior alveolar and mental nerves (Campbell et al). 1987;64:519-26
The effect of inferior alveolar nerve resection on dentin formation (Johnson and Johnson). 1987;64:212-5

Ameloblastic carcinoma
Ameloblastic carcinoma: a clinicopathologic study and assessment of eight cases (Corio et al). 1987;64:570-6

American Academy of Dental Radiology
American Academy of Dental Radiology officers for 1986-87. 1987;64:501

American Academy of Dental Radiology cont'd
American Academy of Dental Radiology student research awards competition winners, 1986. 1987;64:630

Abstracts presented at the annual meeting of the American Academy of Oral Pathology. 1987;64:563-9
Proceedings of the 41st annual meeting of the American Academy of Oral Pathology. 1987;64:558-61

American Board of Oral and Maxillofacial Radiology
American Board of Oral and Maxillofacial Radiology officers for 1986-87. 1987;64:502

Analgesia
Is acupuncture sufficient as the sole analgesic in oral surgery? (Hansson et al). 1987;64:283-6

Aneurysmal bone cyst
Aneurysmal bone cyst of the mandible (Eisenbud et al). 1987;64:202-6
Aneurysmal bone cysts of the jaws: a case study and review of the literature (Toljanic et al). 1987;64:72-7

Angiosarcoma
Multiple gingival metastases from angiosarcoma of the breast (Epstein et al). 1987;64:554-7

Antibiotics
Complications of endodontic therapy in florid osseous dysplasia (Schneider et al). 1987;64:114-6
Development of resistant oral viridans streptococci after administration of prophylactic antibiotics: time management in the dental treatment of patients susceptible to infective endocarditis (Leviner et al). 1987;64:417-20
The effect of an antibiotic/corticosteroid paste on inflammatory root resorption in vivo (Pierce and Lindskog). 1987;64:216-20
Infectious flare-ups and serious sequelae following endodontic treatment: a prospective randomized trial on efficacy of antibiotic prophylaxis in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:96-109
Systemic lupus erythematosus: a consideration for antimicrobial prophylaxis (Zysset et al). 1987;64:30-4

Antibody
Evaluation of a monoclonal antibody typing system for herpes simplex virus (Fox et al). 1987;64:165-70
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6
In situ characterization of cells in periapical granuloma by monoclonal antibodies (Babál et al). 1987;64:348-52

Antigen
HLA-DR antigens in normal, inflammatory, and neoplastic salivary glands (Zarbo et al). 1987;64:577-84
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6

Anti-inflammatory drugs
The medication of patients with oral lichen planus and the association of nonsteroidal anti-inflammatory drugs with erosive lesions (Potts et al). 1987;64:541-3

*July, pp. 1-134; August, pp. 135-268; September, pp. 269-378; October, pp. 379-506; November, pp. 507-652; December, pp. 653-776.

Anti-S-100 antiserum
Gingival granular cell tumor of the newborn: immunoperoxidase investigation with anti-S-100 antiserum (Monteil et al). 1987;64:78-81
Aphthous stomatitis
Recurrent aphthous stomatitis of the Behçet's type: successful treatment with thalidomide (Eisenbud et al). 1987;64:289-92
Aphthous ulceration
Spontaneous migration and chemotactic activity of neutrophil polymorphonuclear leukocytes in recurrent aphthous ulceration (Dagalis et al). 1987;64:298-301
Apical foramen
Influence of the enlargement of the apical foramen in periapical repair of contaminated teeth of dog (de Souza Filho et al). 1987;64:480-4
Apnea
Mandibular advancement combined with horizontal advancement genioplasty for the treatment of obstructive sleep apnea in an edentulous patient (Alvarez et al). 1987;64:402-6
Aromatic retinoid
The therapeutic effect of an aromatic retinoid (RO-109359) on hamster buccal pouch carcinomas (Tsiklakis et al). 1987;64:327-32
Arthrography
Clinical and arthrographic evaluation of the location of temporomandibular joint pain (Roberts et al). 1987;64:6-7
Comparison of arthrographic findings of the temporomandibular joint with palpation of the muscles of mastication (Roberts et al). 1987;64:275-7
A radiologic and anatomic study of internal derangements of the temporomandibular joint (Lewis). 1987;64:638-44
Stroke following temporomandibular arthrography (Hupp and Nance). 1987;64:411-12
Arthroscopy
Diagnostic arthroscopy of the temporomandibular joint. Part I: normal arthroscopic findings (Heffez and Blaustein). 1987;64:653-70
Arthrotomography
Comparison of magnetic resonance imaging arthrotomography and clinical and surgical findings in temporomandibular joint internal derangements (Donlon and Moon). 1987;64:2-5
Articular disk position
Computed tomography of condylar and articular disk positions within the temporomandibular joint (Christiansen et al). 1987;64:757-67
Articulation
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14
Asymmetry
Hemimaxillofacial dysplasia: a newly recognized disorder of facial asymmetry, hypertrichosis of the facial skin, unilateral enlargement of the maxilla, and hypoplastic teeth in two patients (Miles et al). 1987;64:445-8
Asystole
Cardiac asystole complicating zygomatic arch fracture (Bainton). 1987;64:24-5
Autologous bone graft
Autologous versus homologous bone grafting in osteotomies, secondary cleft repairs and ridge augmentations: a clinical study (Allard et al). 1987;64:269-74

B

Bacteria; *see also* **Infection**
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Bacteria cont'd
Systemic lupus erythematosus: a consideration for antimicrobial prophylaxis (Zysset et al). 1987;64:30-4
Basal cell carcinoma
The odontogenic keratocyst and its occurrence in the nevoid basal cell carcinoma syndrome (Woolgar et al). 1987;64:727-30
Behçet's lesion
Recurrent aphthous stomatitis of the Behçet's type: successful treatment with thalidomide (Eisenbud et al). 1987;64:289-92
Biopsy
Rhabdomyosarcoma of the oral soft tissues (Bras et al). 1987;64:585-96
Bird-face deformity
Two ways to correct bird-face deformity (Obwegeser and Hadjianghelou). 1987;64:507-18
Bisecting-angle technique
Radiographic reproduction of endodontic "working length" comparing the paralleling and the bisecting-angle techniques (Forsberg). 1987;64:353-60
Bitewing radiography
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
Black stain
An unusual case of black teeth (Schuurs et al). 1987;64:427-31
Bone cyst; *see also* **Cyst**
Aneurysmal bone cyst of the mandible (Eisenbud et al). 1987;64:202-6

Bone defect
Application of computed tomography for diagnosis of alveolar bony defects (Katagiri et al). 1987;64:361-6
Bone graft
Autologous versus homologous bone grafting in osteotomies, secondary cleft repairs and ridge augmentations: a clinical study (Allard et al). 1987;64:269-74
The use of allogeneic bone for alveolar cleft grafting (Kraut). 1987;64:278-82
Books and book reviews
New book annotations. 1987;64:133
Bradycardia
Cardiac asystole complicating zygomatic arch fracture (Bainton). 1987;64:24-5
Breast
Multiple gingival metastases from angiosarcoma of the breast (Epstein et al). 1987;64:554-7
Buccal pouch carcinoma
The therapeutic effect of an aromatic retinoid (RO-109359) on hamster buccal pouch carcinomas (Tsiklakis et al). 1987;64:327-32
Burning mouth syndrome
The association between burning mouth syndrome and psychosocial disorders (Browning et al). 1987;64:171-4
Butorphanol
Butorphanol/diazepam compared to meperidine/diazepam for sedation in oral maxillofacial surgery: a double-blind evaluation (Zallen et al). 1987;64:395-401

C

Calcification
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11

Calculi
Dislodgement of a submandibular gland sialolith during nasal intubation: a case report (Boyczuk et al). 1987;64: 539-40
Calibrator
A calibrator for monitoring maxillary incisor position during orthognathic surgery (Heggie). 1987;64:671-3
Candidiasis
Influence of radiation therapy on oral *Candida albicans* colonization: a quantitative assessment (Rossie et al). 1987;64:698-701
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Canine
Bilateral transposition of maxillary canines (Schoen and Mostofi). 1987;64:503-4 (Roentgeno-oddities)
Carcinoma; *see also* **Tumor**
Ameloblastic carcinoma: a clinicopathologic study and assessment of eight cases (Corio et al). 1987;64:570-6

The odontogenic keratocyst and its occurrence in the nevoid basal cell carcinoma syndrome (Woolgar et al). 1987;64: 727-30
Oncogenic potential of sexually transmitted viruses with special reference to oral cancer (Eskinazi). 1987;64:35-40
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
The therapeutic effect of an aromatic retinoid (RO-109359) on hamster buccal pouch carcinomas (Tsiklakis et al). 1987;64:327-32
Cardiac asystole
Cardiac asystole complicating zygomatic arch fracture (Bainton). 1987;64:24-5
Caries; *see also* **Carious lesion**
Caries in pulpless teeth: a single case experiment (Schein). 1987;64:627-9
Caries detection with xeroradiographs: the influence of observer experience (White). 1987;64:118-22
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Pulp response to and cariogenicity of *Lactobacillus casei* in monoinfected gnotobiotic rats (Paterson and Pountney). 1987;64:611-24
The radiographic detection of initial carious lesions on the proximal surfaces of teeth. Part I: the influence of exposure conditions (Arnold). 1987;64:221-31
The radiographic detection of initial carious lesions on the proximal surfaces of teeth. Part II: the influence of viewing conditions (Arnold). 1987;64:232-40
Casting
Retrieval of a swallowed casting 6 weeks after ingestion (Beaumont and Johnson). 1987;64:287-8
Cement
Tissue response to retrograde root fillings in the ferret canine: a comparison of a glass ionomer cement and gutta-percha with sealer (Callis and Santini). 1987;64:475-9
Central incisor
Bilateral fusion and gemination: a literature analysis and case report (Duncan and Helpin). 1987;64:82-7
Chondrosarcoma
Osteosarcomas and chondrosarcomas of the jaws: immunohistochemical correlations (Regezi et al). 1987;64:302-7
Cleft
Autologous versus homologous bone grafting in osteotomies, secondary cleft repairs and ridge augmentations: a clinical study (Allard et al). 1987;64:269-74
The use of allogeneic bone for alveolar cleft grafting (Kraut). 1987;64:278-82
Computed tomography
Application of computed tomography for diagnosis of alveolar bony defects (Katagiri et al). 1987;64:361-6
Computed tomography of condylar and articular disk positions within the temporomandibular joint (Christiansen et al). 1987;64:757-67
CT sialography and conventional sialography in the investigation of parotid masses (Hansson and Johansen). 1987;64:494-500
Condyle
Computed tomography of condylar and articular disk positions within the temporomandibular joint (Christiansen et al). 1987;64:757-67
The double-headed mandibular condyle (Gundlach et al). 1987;64:249-53
Horizontal condylar angle in relation to internal derangement of the temporomandibular joint (Westesson and Liedberg). 1987;64:391-4
Image enhancement of the mandibular condyle through digital subtraction (Southard et al). 1987;64:645-7
Intercondylar dimension as a positioning factor for panoramic images of the temporomandibular region (Chilvarquer et al). 1987;64:768-73
Contamination
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Influence of the enlargement of the apical foramen in periapical repair of contaminated teeth of dog (de Souza Filho et al). 1987;64:480-4
Coronoidectomy
Unilateral facial palsy following bilateral intraoral coronoidectomies (Rubin and Cozzi). 1987;64:156-8
Correspondence
Letters to the editor. 1987;64:413-6, 609-10, 702

Teratoma of the maxilla (Gardner et al). 1987;64:68-71
Cytomegalovirus
Oral mucosal cytomegalovirus as a manifestation of the acquired immune deficiency syndrome (Kanas et al). 1987; 64:183-9
Cytometry
Central giant cell lesions of the mandible and maxilla: a clinicopathologic and cytometric study (Ficarra et al). 1987;64:44-9

D

Deformity
Two ways to correct bird-face deformity (Obwegeser and Hadjianghelou). 1987;64:507-18
Dementia
The dental management of the patient with dementia (Friedlander and Jarvik). 1987;64:549-53
Dental plaque
Cyclosporin-induced gingival overgrowth: correlation with dental plaque scores, gingivitis scores, and cyclosporin levels in serum and saliva (McGaw et al). 1987;64:293-7
Dental pulp
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Dentin
The effect of inferior alveolar nerve resection on dentin formation (Johnson and Johnson). 1987;64:212-5
Dermatitis artefacta
Dermatitis artefacta of the paraoral region (Svirsky and Sawyer). 1987;64:259-63
Dermoid cyst
Teratoma of the maxilla (Gardner et al). 1987;64:68-71
Desquamative gingivitis
Labial veneers in the management of desquamative gingivitis (Wray and McCord). 1987;64:41-2
Destombes-Rosai-Dorfman syndrome
Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Diazepam
Butorphanol/diazepam compared to meperidine/diazepam for sedation in oral maxillofacial surgery: a double-blind evaluation (Zallen et al). 1987;64:395-401
Digital image processing
Digital image processing of dentomaxillofacial radiographs (Fujita et al). 1987;64:485-93
Digital subtraction radiography
Digital image processing of dentomaxillofacial radiographs (Fujita et al). 1987;64:485-93
Image enhancement of the mandibular condyle through digital subtraction (Southard et al). 1987;64:645-7
Influence of geometric distortion and exposure parameters on sensitivity of digital subtraction radiography (Rudolph et al). 1987;64:631-7
Dimethylbenz(α) anthracene
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
Dimorphism
Sexual dimorphism in the distribution of estrogen receptors in the temporomandibular joint complex of the baboon (Milam et al). 1987;64:527-32
Disk displacement; *see* **Temporomandibular joint**
Disk implant
Retained alloplastic temporomandibular joint disk implants: a retrospective study (Bronstein). 1987;64:135-45
Disk position; *see also* **Temporomandibular joint**
Computed tomography of condylar and articular disk positions within the temporomandibular joint (Christiansen et al). 1987;64:757-67
Intercondylar dimension as a positioning factor for panoramic images of the temporomandibular region (Chilvarquer et al). 1987;64:768-73
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14
D-speed film
Diagnostic imaging assessment of experimental intraoral "folded film" (Ludlow). 1987;64:123-9
E-speed dental films processed with rapid chemistry: a comparison with D-speed film (Kaffe and Gratt). 1987;64:367-72
Dysplasia
Complications of endodontic therapy in florid osseous dysplasia (Schneider et al). 1987;64:114-6
Hemimaxillofacial dysplasia: a newly recognized disorder of facial asymmetry, hypertrichosis of the facial skin, unilateral enlargement of the maxilla, and hypoplastic teeth in two patients (Miles et al). 1987;64:445-8
Dysrhythmia
Cardiac asystole complicating zygomatic arch fracture (Bainton). 1987;64:24-5

E

Edentulous patient
Mandibular advancement combined with horizontal advancement genioplasty for the treatment of obstructive sleep apnea in an edentulous patient (Alvarez et al). 1987;64:402-6
Editorial
Publication of abstracts (Sciubba). 1987;64:562
Elderly
Transplantation of mandibular third molar in seventh decade: long-term follow-up and evaluation (Conklin). 1987;64: 407-10
Emesis
Dental erosion secondary to ethanol-induced emesis (Simmons and Thompson). 1987;64:731-3
Enamel
An unusual case of black teeth (Schuurs et al). 1987;64: 427-31
Endocarditis
Development of resistant oral viridans streptococci after administration of prophylactic antibiotics: time management in the dental treatment of patients susceptible to infective endocarditis (Leviner et al). 1987;64:417-20
Endodontics
An alternate endodontic approach to periapical pathosis (Kedici and Ersoy). 1987;64:742-6
Complications of endodontic therapy in florid osseous dysplasia (Schneider et al). 1987;64:114-6
The endodontic enigma (Cheraskin). 1987;64:625-6

Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Immunoperoxidase
Gingival granular cell tumor of the newborn: immunoperoxidase investigation with anti-S-100 antiserum (Monteil et al). 1987;64:78-81
Implant; *see also* **Graft**
Retained alloplastic temporomandibular joint disk implants: a retrospective study (Bronstein). 1987;64:135-45
Incisal opening
The effect of physical therapy intervention on incisal opening after temporomandibular joint surgery (Braun). 1987;64:544-8
Incisor
Agenesis of a primary and permanent incisor (Alexander et al). 1987;64:377
Bilateral fusion and gemination: a literature analysis and case report (Duncan and Helpin). 1987;64:82-7
A calibrator for monitoring maxillary incisor position during orthognathic surgery (Heggie). 1987;64:671-3
Infection
Acyclovir and the treatment of herpetic whitlow (Schwandt et al). 1987;64:255-8
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Development of resistant oral viridans streptococci after administration of prophylactic antibiotics: time management in the dental treatment of patients susceptible to infective endocarditis (Leviner et al). 1987;64:417-20
Evaluation of a monoclonal antibody typing system for herpes simplex virus (Fox et al). 1987;64:165-70
Fever of unknown origin caused by dental infection: report of a case (Shinoda et al). 1987;64:175-8
Influence of radiation therapy on oral *Candida albicans* colonization: a quantitative assessment (Rossie et al). 1987;64:698-701
Oncogenic potential of sexually transmitted viruses with special reference to oral cancer (Eskinazi). 1987;64:35-40
Oral *Cryptococcus neoformans* infection in AIDS (Lynch and Naftolin). 1987;64:449-53
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Oral mucosal cytomegalovirus as a manifestation of the acquired immune deficiency syndrome (Kanas et al). 1987;64:183-9
Pulp response to *Streptococcus mutans* (Paterson and Pountney). 1987;64:339-47
Review of the herpesviruses and hepatitis A: the potential hazards in dental care (Fagan et al). 1987;64:693-7
Systemic lupus erythematosus: a consideration for antimicrobial prophylaxis (Zysset et al). 1987;64:30-4
Inflammation
The effect of an antibiotic/corticosteroid paste on inflammatory root resorption in vivo (Pierce and Lindskog). 1987;64:216-20
HLA-DR antigens in normal, inflammatory, and neoplastic salivary glands (Zarbo et al). 1987;64:577-84
Infratemporal fossa
Juvenile fibromatosis of the infratemporal fossa (O'Ryan et al). 1987;64:603-8
Instrumentation
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:734-41
Intercondylar dimension
Intercondylar dimension as a positioning factor for panoramic images of the temporomandibular region (Chilvarquer et al). 1987;64:768-73
Internal derangement; *see* **Temporomandibular joint**
Intracanal instrumentation
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:734-41
Intraoral coronoidectomy
Unilateral facial palsy following bilateral intraoral coronoidectomies (Rubin and Cozzi). 1987;64:156-8
Intubation
Dislodgement of submandibular gland sialolith during nasal intubation: a case report (Boyczuk et al). 1987;64:539-40
Sialolith lodged in an endotracheal tube? (Greenman). 1987;64:130 (Roentgeno-oddities)
Involucrin
Involucrin as a diagnostic marker in oral lichenoid lesions (Eisenberg et al). 1987;64:313-9
Ionomer cement
Tissue response to retrograde root fillings in the ferret canine: a comparison of a glass ionomer cement and gutta-percha with sealer (Callis and Santini). 1987;64:475-9

J

Jaw
Aneurysmal bone cysts of the jaws: a case study and review of the literature (Toljanic et al). 1987;64:72-7
Osteosarcomas and chondrosarcomas of the jaws: immunohistochemical correlations (Regezi et al). 1987;64:302-7
Joint; *see* **Temporomandibular joint**
Juvenile fibromatosis
Juvenile fibromatosis of the infratemporal fossa (O'Ryan et al). 1987;64:603-8

K

Kaposi's sarcoma
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Kappa statistic
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
Keratin protein
Identification of intermediate filament keratin proteins in parakeratinized odontogenic keratocysts: a preliminary study (Shuler and Shriver). 1987;64:439-44
Keratocyst
Identification of intermediate filament keratin proteins in parakeratinized odontogenic keratocysts: a preliminary study (Shuler and Shriver). 1987;64:439-44
The odontogenic keratocyst and its occurrence in the nevoid basal cell carcinoma syndrome (Woolgar et al). 1987;64:727-30
Odontogenic keratocyst of the maxillary sinus (Cioffi et al). 1987;64:648-51 (Roentgeno-oddities)
Odontogenic keratocysts in the anterior maxilla: report of two cases, one simulating a nasopalatine cyst (Woo et al). 1987;64:463-5

L

Labial veneer
Labial veneers in the management of desquamative gingivitis (Wray and McCord). 1987;64:41-2
Lactobacillus
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Pulp response to and cariogenicity of *Lactobacillus casei* in monoinfected gnotobiotic rats (Paterson and Pountney). 1987;64:611-24
Lateral incisor
Bilateral fusion and gemination: a literature analysis and case report (Duncan and Helpin). 1987;64:82-7
Length determination
An evaluation of xeroradiographs and radiographs in length determination in endodontics (Barkhordar et al). 1987; 64:747-50
Letters
Letters to the editor. 1987;64:413-6, 609-10, 702
Peripheral squamous odontogenic tumor (Gardner) (Letter); (Buchner and Sciubba) (Reply). 1987;64:609-10
Leukocyte
Spontaneous migration and chemotactic activity of neutrophil polymorphonuclear leukocytes in recurrent aphthous ulceration (Dagalis et al). 1987;64:298-301
Leukoplakia
Clinical and histologic spectrum of oral hairy leukoplakia (Schiødt et al). 1987;64:716-20
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Lichen planus
The medication of patients with oral lichen planus and the association of nonsteroidal anti-inflammatory drugs with erosive lesions (Potts et al). 1987;64:541-3
Lichenoid lesion
Involucrin as a diagnostic marker in oral lichenoid lesions (Eisenberg et al). 1987;64:313-9
Lingual mandibular depression
An unusual case of lingual mandibular depression (Ström and Fjellström). 1987;64:158-61
Lukes-Collins classification
Extranodal oral lymphoma. Part II: relationships between clinical features and the Lukes-Collins classification of 34 cases (Howell et al). 1987;64:597-602
Lupus erythematosus
Systemic lupus erythematosus: a consideration for antimicrobial prophylaxis (Zysset et al). 1987;64:30-4
Lymph node
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Lymphadenopathy
Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Lymphoma
Extranodal oral lymphoma. Part II: relationships between clinical features and the Lukes-Collins classification of 34 cases (Howell et al). 1987;64:597-602
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94

M

Magnetic resonance imaging
Comparison of magnetic resonance imaging arthrotomography and clinical and surgical findings in temporomandibular joint internal derangements (Donlon and Moon). 1987;64:2-5
Major histocompatibility complex
HLA-DR antigens in normal, inflammatory, and neoplastic salivary glands (Zarbo et al). 1987;64:577-84
Malignancy; *see also* **Carcinoma; Neoplasia; Tumor**
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6
Malignant fibrous histiocytoma of the oral soft tissues (Bras et al). 1987;64:57-67
Mandible
Aneurysmal bone cyst of the mandible (Eisenbud et al). 1987; 64:202-6
Bilateral fusion and gemination: a literature analysis and case report (Duncan and Helpin). 1987;64:82-7
Central giant cell lesions of the mandible and maxilla: a clinicopathologic and cytometric study (Ficarra et al). 1987; 64:44-9
The double-headed mandibular condyle (Gundlach et al). 1987;64:249-53
Flare-up with associated paresthesia of a mandibular second premolar with three root canals (Glassman). 1987;64:110-3
Image enhancement of the mandibular condyle through digital subtraction (Southard et al). 1987;64:645-7
Mandibular advancement combined with horizontal advancement genioplasty for the treatment of obstructive sleep apnea in an edentulous patient (Alvarez et al). 1987;64:402-6
Modification of the mandibular ramus sagittal split osteotomy (Wolford et al). 1987;64:146-55
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11
An unusual case of lingual mandibular depression (Ström and Fjellström). 1987;64:158-61
The use of freeze-dried rib and hydroxylapatite in the treatment of a fracture occurring in a patient with familial facial osteodystrophy (Lew et al). 1987;64:15-21
Mandibular advancement surgery
Mandibular advancement combined with horizontal advancement genioplasty for the treatment of obstructive sleep apnea in an edentulous patient (Alvarez et al). 1987;64:402-6
Mandibular first molar
"Pseudo fracture" of mandibular first molar (Kreutz and Kinni). 1987;64:774-5 (Roentgeno-oddities)
Mandibular third molar
Transplantation of mandibular third molar in seventh decade: long-term follow-up and evaluation (Conklin). 1987;64: 407-10
Marcus Gunn phenomenon
The Marcus Gunn phenomenon: discussion and report of a case (Brooks). 1987;64:687-92
Mastication
Comparison of arthrographic findings of the temporomandibular joint with palpation of the muscles of mastication (Roberts et al). 1987;64:275-7
Identification of patients at risk for unnecessary or excessive TMJ surgery (Marciani et al). 1987;64:533-5
Maxilla
A calibrator for monitoring maxillary incisor position during orthognathic surgery (Heggie). 1987;64:671-3
Central giant cell lesions of the mandible and maxilla: a clinicopathologic and cytometric study (Ficarra et al). 1987;64:44-9
Hemimaxillofacial dysplasia: a newly recognized disorder of facial asymmetry, hypertrichosis of the facial skin, unilateral enlargement of the maxilla, and hypoplastic teeth in two patients (Miles et al). 1987;64:445-8

Maxilla cont'd
Maxillary plasmacytoma/plasma cell myeloma (Glover et al). 1987;64:680-6
Modified external reference measurement technique for vertical positioning of the maxilla (Nishioka and Van Sickels). 1987;64:22-3
Odontogenic keratocysts in the anterior maxilla: report of two cases, one simulating a nasopalatine cyst (Woo et al). 1987;64:463-5
Teratoma of the maxilla (Gardner et al). 1987;64:68-71
Maxillary canine
Bilateral transposition of maxillary canines (Schoen and Mostofi). 1987;64:503-4 (Roentgeno-oddities)
Maxillary incisor
A calibrator for monitoring maxillary incisor position during orthognathic surgery (Heggie). 1987;64:671-3
Maxillary sinus
Odontogenic keratocyst of the maxillary sinus (Cioffi et al). 1987;64:648-51 (Roentgeno-oddities)
Root in the maxillary sinus (Barclay). 1987;64:162-4
Maxillofacial surgery
Butorphanol/diazepam compared to meperidine/diazepam for sedation in oral maxillofacial surgery: a double-blind evaluation (Zallen et al). 1987;64:395-401
Maxillomandibular fixation
Maxillomandibular fixation with minihooks: a clinical evaluation (Shetty and Niederdellmann). 1987;64:677-9
Measurement technique
Modified external reference measurement technique for vertical positioning of the maxilla (Nishioka and Van Sickels). 1987;64:22-3
Medical information
Medical information from referral letters (Chambers and Scully). 1987;64:674-6
Melphalan
Oral complications of high-dose melphalan in multiple myeloma (Barrett and Buckley). 1987;64:264-7
Mental illness
The dental management of the patient with dementia (Friedlander and Jarvik). 1987;64:549-53
Mental nerve
Assessment of recovery from injury to inferior alveolar and mental nerves (Campbell et al). 1987;64:519-26
Meperidine
Butorphanol/diazepam compared to meperidine/diazepam for sedation in oral maxillofacial surgery: a double-blind evaluation (Zallen et al). 1987;64:395-401
Metastasis
Multiple gingival metastases from angiosarcoma of the breast (Epstein et al). 1987;64:554-7
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
Microflora; *see also* **Infection**
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Minihooks
Maxillomandibular fixation with minihooks: a clinical evaluation (Shetty and Niederdellmann). 1987;64:677-9
Molar
Displaced third molar (Mellor and Finch). 1987;64:131 (Roentgeno-oddities)
"Pseudo fracture" of mandibular first molar (Kreutz and Kinni). 1987;64:774-5 (Roentgeno-oddities)
Transplantation of mandibular third molar in seventh decade: long-term follow-up and evaluation (Conklin). 1987;64:407-10
Monoclonal antibody
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6
Monoclonal antibody cont'd
In situ characterization of cells in periapical granuloma by monoclonal antibodies (Babál et al). 1987;64:348-52
Multiple myeloma
Oral complications of high-dose melphalan in multiple myeloma (Barrett and Buckley). 1987;64:264-7
Myeloma
Maxillary plasmacytoma/plasma cell myeloma (Glover et al). 1987;64:680-6
Oral complications of high-dose melphalan in multiple myeloma (Barrett and Buckley). 1987;64:264-7
Myoepithelium
Immunohistochemistry and ultrastructure of myoepithelium and modified myoepithelium of the ducts of human major salivary glands: histogenetic implications for salivary gland tumors (Dardick et al). 1987;64:703-15

N

Nasal intubation
Dislodgement of a submandibular gland sialolith during nasal intubation: a case report (Boyczuk et al). 1987;64:539-40
Nasopalatine cyst
Odontogenic keratocysts in the anterior maxilla: report of two cases, one simulating a nasopalatine cyst (Woo et al). 1987;64:463-5
Neck carcinoma
Influence of radiation therapy on oral *Candida albicans* colonization: a quantitative assessment (Rossie et al). 1987;64:698-701
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Necrosis
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:734-41
Neoplasia; *see also* **Malignancy; Tumor**
HLA-DR antigens in normal, inflammatory, and neoplastic salivary glands (Zarbo et al). 1987;64:577-84
Rhabdomyosarcoma of the oral soft tissues (Bras et al). 1987;64:585-96
Nerve injury
Assessment of recovery from injury to inferior alveolar and mental nerves (Campbell et al). 1987;64:519-26
Nerve resection
The effect of inferior alveolar nerve resection on dentin formation (Johnson and Johnson). 1987;64:212-5
Neutrophil
Spontaneous migration and chemotactic activity of neutrophil polymorphonuclear leukocytes in recurrent aphthous ulceration (Dagalis et al). 1987;64:298-301
Nevoid basal cell carcinoma
The odontogenic keratocyst and its occurrence in the nevoid basal cell carcinoma syndrome (Woolgar et al). 1987;64:727-30
Nevus sebaceus of Jadassohn
Nevus sebaceus of Jadassohn: a rare oral presentation (Morency and Labelle). 1987;64:460-2
New books
New book annotations. 1987;64:133
Newborn
Gingival granular cell tumor of the newborn: immunoperoxidase investigation with anti-S-100 antiserum (Monteil et al). 1987;64:78-81
Nonsteroidal anti-inflammatory drugs
The medication of patients with oral lichen planus and the association of nonsteroidal anti-inflammatory drugs with erosive lesions (Potts et al). 1987;64:541-3

Numbness
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14

O

Odontogenic keratocyst; *see also* **Odontogenic tumor**
Identification of intermediate filament keratin proteins in parakeratinized odontogenic keratocysts: a preliminary study (Shuler and Shriver). 1987;64:439-44
The odontogenic keratocyst and its occurrence in the nevoid basal cell carcinoma syndrome (Woolgar et al). 1987;64: 727-30
Odontogenic keratocyst of the maxillary sinus (Cioffi et al). 1987;64:648-51 (Roentgeno-oddities)
Odontogenic keratocysts in the anterior maxilla: report of two cases, one simulating a nasopalatine cyst (Woo et al). 1987; 64:463-5
Odontogenic tumor; *see also* **Odontogenic keratocyst**
Peripheral odontogenic fibroma (Buchner et al). 1987;64: 432-8
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11
Oral carcinoma; *see* **Carcinoma**
Oropharynx
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94
Orthognathic surgery
A calibrator for monitoring maxillary incisor position during orthognathic surgery (Heggie). 1987;64:671-3
Orthograde filling technique
An alternate endodontic approach to periapical pathosis (Kedici and Ersoy). 1987;64:742-6
Osseous dysplasia
Complications of endodontic therapy in florid osseous dysplasia (Schneider et al). 1987;64:114-6
Osteodystrophy
The use of freeze-dried rib and hydroxylapatite in the treatment of a fracture occurring in a patient with familial facial osteodystrophy (Lew et al). 1987;64:15-21
Osteoradionecrosis
Studies in the radiobiology of osteoradionecrosis and their clinical significance (Marx and Johnson). 1987;64:379-90
Osteosarcoma
Osteosarcomas and chondrosarcomas of the jaws: immunohistochemical correlations (Regezi et al). 1987;64:302-7
Osteotomy
Autologous versus homologous bone grafting in osteotomies, secondary cleft repairs and ridge augmentations: a clinical study (Allard et al). 1987;64:269-74
A method to facilitate placement of screws for sagittal ramus osteotomy (Davis). 1987;64:536-8
Modification of the mandibular ramus sagittal split osteotomy (Wolford et al). 1987;64:146-55
Modified external reference measurement technique for vertical positioning of the maxilla (Nishioka and Van Sickels). 1987;64:22-3

P

Pain
The association between burning mouth syndrome and psychosocial disorders (Browning et al). 1987;64:171-4
Clinical and arthrographic evaluation of the location of temporomandibular joint pain (Roberts et al). 1987;64:6-7
Palatal lesion
Oral manifestations of disseminated *Cryptococcus neoformans* in a patient with acquired immunodeficiency syndrome (Glick et al). 1987;64:454-9
Palsy
Unilateral facial palsy following bilateral intraoral coronoidectomies (Rubin and Cozzi). 1987;64:156-8
Panoramic radiography
Digital image processing of dentomaxillofacial radiographs (Fujita et al). 1987;64:485-93
Intercondylar dimension as a positioning factor for panoramic images of the temporomandibular region (Chilvarquer et al). 1987;64:768-73
The zygomatic air cell defect (ZACD) on panoramic radiographs (Tyndall and Matteson). 1987;64:373-6 (Roentgeno-oddities)
Paradental cyst
The paradental cyst: a clinicopathologic study of 50 cases (Ackermann et al). 1987;64:308-12
Paralleling technique
Radiographic reproduction of endodontic "working length" comparing the paralleling and the bisecting-angle techniques (Forsberg). 1987;64:353-60
Paresthesia
Flare-up with associated paresthesia of a mandibular second premolar with three root canals (Glassman). 1987;64: 110-3
Parotid mass
CT sialography and conventional sialography in the investigation of parotid masses (Hansson and Johansen). 1987;64:494-500
Patient history
Medical information from referral letters (Chambers and Scully). 1987;64:674-6
Pediatrics
Gingival granular cell tumor of the newborn: immunoperoxidase investigation with anti-S-100 antiserum (Monteil et al). 1987;64:78-81
Periapical granuloma
In situ characterization of cells in periapical granuloma by monoclonal antibodies (Babál et al). 1987;64:348-52
Periapical instrumentation
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64: 734-41
Periapical lesion
An alternate endodontic approach to periapical pathosis (Kedici and Ersoy). 1987;64:742-6
In situ characterization of cells in periapical granuloma by monoclonal antibodies (Babál et al). 1987;64: 348-52
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64: 734-41
Periapical repair
Influence of the enlargement of the apical foramen in periapical repair of contaminated teeth of dog (de Souza Filho et al). 1987; 64:480-4
Periodontal membrane
The effect of an antibiotic/corticosteroid paste on inflammatory root resorption in vivo (Pierce and Lindskog). 1987;64:216-20
Peripheral odontogenic fibroma
Peripheral odontogenic fibroma (Buchner et al). 1987;64: 432-8
Pharynx
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94
Physical therapy
The effect of physical therapy intervention on incisal opening after temporomandibular joint surgery (Braun). 1987; 64:544-8

Plaque
Cyclosporin-induced gingival overgrowth: correlation with dental plaque scores, gingivitis scores, and cyclosporin levels in serum and saliva (McGaw et al). 1987;64:293-7
Plasma cell myeloma
Maxillary plasmacytoma/plasma cell myeloma (Glover et al). 1987;64:680-6
Plasmacytoma
Maxillary plasmacytoma/plasma cell myeloma (Glover et al). 1987;64:680-6
Polymorphonuclear leukocyte
Spontaneous migration and chemotactic activity of neutrophil polymorphonuclear leukocytes in recurrent aphthous ulceration (Dagalis et al). 1987;64:298-301
Premolar
Flare-up with associated paresthesia of a mandibular second premolar with three root canals (Glassman). 1987;64:110-3
Protein
Identification of intermediate filament keratin proteins in parakeratinized odontogenic keratocysts: a preliminary study (Shuler and Shriver). 1987;64:439-44
Pseudofracture
"Pseudo fracture" of mandibular first molar (Kreutz and Kinni). 1987;64:774-5 (Roentgeno-oddities)
Psychosocial disorder
The association between burning mouth syndrome and psychosocial disorders (Browning et al). 1987;64:171-4
Pulp exposure
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Pulp lesion
An alternate endodontic approach to periapical pathosis (Kedici and Ersoy). 1987;64:742-6
Infectious flare-ups and serious sequelae following endodontic treatment: a prospective randomized trial on efficacy of antibiotic prophylaxis in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:96-109
Influence of the enlargement of the apical foramen in periapical repair of contaminated teeth of dog (de Souza Filho et al). 1987;64:480-4
A prospective randomized trial comparing periapical instrumentation to intracanal instrumentation in cases of asymptomatic pulpal-periapical lesions (Morse et al). 1987;64:734-41
Pulp response
Pulp response to and cariogenicity of *Lactobacillus casei* in monoinfected gnotobiotic rats (Paterson and Pountney). 1987;64:611-24
Pulpless teeth
Caries in pulpless teeth: a single case experiment (Schein). 1987;64:627-9

R

Radiation
Influence of radiation therapy on oral *Candida albicans* colonization: a quantitative assessment (Rossie et al). 1987;64:698-701
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Studies in the radiobiology of osteoradionecrosis and their clinical significance (Marx and Johnson). 1987;64:379-90
Synergistic effect of sialagogues in management of xerostomia after radiation therapy (Epstein and Schubert). 1987;64:179-82
Radiography
Caries detection with xeroradiographs: the influence of observer experience (White). 1987;64:118-22
Radiography cont'd
Clinical assessment of anatomic positioning and patient comfort for intraoral radiography: a comparison of xeroradiography versus film (Gratt et al). 1987;64:241-8
Digital image processing of dentomaxillofacial radiographs (Fujita et al). 1987;64:485-93
An evaluation of xeroradiographs and radiographs in length determination in endodontics (Barkhordar et al). 1987;64:747-50
Image enhancement of the mandibular condyle through digital subtraction (Southard et al). 1987;64:645-7
Influence of geometric distortion and exposure parameters on sensitivity of digital subtraction radiography (Rudolph et al). 1987;64:631-7
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
The radiographic detection of initial carious lesions on the proximal surfaces of teeth. Part I: the influence of exposure conditions (Arnold). 1987;64:221-31
The radiographic detection of initial carious lesions on the proximal surfaces of teeth. Part II: the influence of viewing conditions (Arnold). 1987;64:232-40
Radiographic reproduction of endodontic "working length" comparing the paralleling and the bisecting-angle techniques (Forsberg). 1987;64:353-60
The zygomatic air cell defect (ZACD) on panoramic radiographs (Tyndall and Matteson). 1987;64:373-6 (Roentgeno-oddities)
Rater agreement
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
Reed-Sternberg cell
Hodgkin's lymphoma of the oropharyngeal region: report of four cases and diagnostic value of monoclonal antibodies in detecting antigens associated with Reed-Sternberg cells (Baden et al). 1987;64:88-94
Referral letter
Medical information from referral letters (Chambers and Scully). 1987;64:674-6
Retained cuspid
Retained cuspid (Lindenmuth and Coke). 1987;64:254 (Roentgeno-oddities)
Retinoid
The therapeutic effect of an aromatic retinoid (RO-109359) on hamster buccal pouch carcinomas (Tsiklakis et al). 1987;64:327-32
Retrogenia
Two ways to correct bird-face deformity (Obwegeser and Hadjianghelou). 1987;64:507-18
Retrograde root filling
Tissue response to retrograde root fillings in the ferret canine: a comparison of a glass ionomer cement and gutta-percha with sealer (Callis and Santini). 1987;64:475-9
Rhabdomyosarcoma
Rhabdomyosarcoma of the oral soft tissues (Bras et al). 1987;64:585-96
Rib
The use of freeze-dried rib and hydroxylapatite in the treatment of a fracture occurring in a patient with familial facial osteodystrophy (Lew et al). 1987;64:15-21
Ridge augmentation
Autologous versus homologous bone grafting in osteotomies, secondary cleft repairs and ridge augmentations: a clinical study (Allard et al). 1987;64:269-74
Roentgeno-oddities
Roentgeno-oddities. 1987;64:130-2, 254, 373-7, 503-4, 648-51, 774-5
Root
The effect of an antibiotic/corticosteroid paste on inflammatory root resorption in vivo (Pierce and Lindskog). 1987;64:216-20

Root cont'd
Flare-up with associated paresthesia of a mandibular second premolar with three root canals (Glassman). 1987;64:110-3
Root in the maxillary sinus (Barclay). 1987;64:162-4
Tissue response to retrograde root fillings in the ferret canine: a comparison of a glass ionomer cement and gutta-percha with sealer (Callis and Santini). 1987;64:475-9

S

Sagittal ramus osteotomy
A method to facilitate placement of screws for sagittal ramus osteotomy (Davis). 1987;64:536-8
Modification of the mandibular ramus sagittal split osteotomy (Wolford et al). 1987;64:146-55
Saliva
Cyclosporin-induced gingival overgrowth: correlation with dental plaque scores, gingivitis scores, and cyclosporin levels in serum and saliva (McGaw et al). 1987;64:293-7
Synergistic effect of sialagogues in management of xerostomia after radiation therapy (Epstein and Schubert). 1987;64:179-82
Salivary gland
HLA-DR antigens in normal, inflammatory, and neoplastic salivary glands (Zarbo et al). 1987;64:577-84
Immunohistochemistry and ultrastructure of myoepithelium and modified myoepithelium of the ducts of human major salivary glands: histogenetic implications for salivary gland tumors (Dardick et al). 1987;64:703-15
An unusual case of lingual mandibular depression (Ström and Fjellström). 1987;64:158-61
Sarcoma
Oral findings in patients with acquired immunodeficiency syndrome (Phelan et al). 1987;64:50-6
Rhabdomyosarcoma of the oral soft tissues (Bras et al). 1987;64:585-96
Sclerosis
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11
Screws
A method to facilitate placement of screws for sagittal ramus osteotomy (Davis). 1987;64:536-8
Sealer
Tissue response to retrograde root fillings in the ferret canine: a comparison of a glass ionomer cement and gutta-percha with sealer (Callis and Santini). 1987;64:475-9
Second premolar
Flare-up with associated paresthesia of a mandibular second premolar with three root canals (Glassman). 1987;64:110-3
Serum
Cyclosporin-induced gingival overgrowth: correlation with dental plaque scores, gingivitis scores, and cyclosporin levels in serum and saliva (McGaw et al). 1987;64:293-7
Sexual dimorphism
Sexual dimorphism in the distribution of estrogen receptors in the temporomandibular joint complex of the baboon (Milam et al). 1987;64:527-32
Sexually transmitted virus
Oncogenic potential of sexually transmitted viruses with special reference to oral cancer (Eskinazi). 1987;64:35-40
Sialagogue
Synergistic effect of sialagogues in management of xerostomia after radiation therapy (Epstein and Schubert). 1987;64:179-82
Sialography
CT sialography and conventional sialography in the investigation of parotid masses (Hansson and Johansen). 1987;64:494-500
Sialolith
Dislodgement of a submandibular gland sialolith during nasal intubation: a case report (Boyczuk et al). 1987;64:539-40
Sialolith cont'd
Sialolith lodged in an endotracheal tube? (Greenman). 1987;64:130 (Roentgeno-oddities)
Sinus
Odontogenic keratocyst of the maxillary sinus (Cioffi et al). 1987;64:648-51
Root in the maxillary sinus (Barclay). 1987;64:162-4
Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Skin
Hemimaxillofacial dysplasia: a newly recognized disorder of facial asymmetry, hypertrichosis of the facial skin, unilateral enlargement of the maxilla, and hypoplastic teeth in two patients (Miles et al). 1987;64:445-8
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6
Sleep apnea
Mandibular advancement combined with horizontal advancement genioplasty for the treatment of obstructive sleep apnea in an edentulous patient (Alvarez et al). 1987;64:402-6
Speech
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14
Squamous cell carcinoma
Gamma-glutamyl transpeptidase activity in human oral squamous cell carcinoma (Mock et al). 1987;64:197-201
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
Staging
Extranodal oral lymphoma. Part II: relationships between clinical features and the Lukes-Collins classification of 34 cases (Howell et al). 1987;64:597-602
Stain
An unusual case of black teeth (Schuurs et al). 1987;64:427-31
Statistics
Interpretation of bitewing radiographs: application of the kappa statistic to determine rater agreements (Langlais et al). 1987;64:751-6
Stent
A modified technique for the construction of acrylic stent for removal of oral tori (Yotnuengnit). 1987;64:26-8
Streptococci
Development of resistant oral viridans streptococci after administration of prophylactic antibiotics: time management in the dental treatment of patients susceptible to infective endocarditis (Leviner et al). 1987;64:417-20
Prevalence of caries-associated microflora after radiotherapy in patients with cancer of the head and neck (Keene and Fleming). 1987;64:421-6
Pulp response to *Streptococcus mutans* (Paterson and Pountney). 1987;64:339-47
Stroke
Stroke following temporomandibular arthrography (Hupp and Nance). 1987;64:411-12
Submandibular gland
Dislodgement of a submandibular gland sialolith during nasal intubation: a case report (Boyczuk et al). 1987;64:539-40
Submandibular lymph node
Sinus histiocytosis with massive lymphadenopathy (Destombes-Rosai-Dorfman syndrome) occurring as a single enlarged submandibular lymph node: a light and immunohistochemical study with review of the literature (Baden et al). 1987;64:320-6
Supernumerary teeth
Fused supernumerary tooth (Bottomley). 1987;64:132 (Roentgeno-oddities)

Swallowed casting
Retrieval of a swallowed casting 6 weeks after ingestion (Beaumont and Johnson). 1987;64:287-8
Systemic lupus erythematosus
Systemic lupus erythematosus: a consideration for antimicrobial prophylaxis (Zysset et al). 1987;64:30-4

T

Tannin
An unusual case of black teeth (Schuurs et al). 1987;64:427-31
Temporomandibular joint
Clinical and arthrographic evaluation of the location of temporomandibular joint pain (Roberts et al). 1987;64:6-7
Comparison of arthrographic findings of the temporomandibular joint with palpation of the muscles of mastication (Roberts et al). 1987;64:275-7
Comparison of magnetic resonance imaging arthrotomography and clinical and surgical findings in temporomandibular joint internal derangements (Donlon and Moon). 1987;64:2-5
Computed tomography of condylar and articular disk positions within the temporomandibular joint (Christiansen et al). 1987;64:757-67
Diagnostic arthroscopy of the temporomandibular joint. Part I: normal arthroscopic findings (Heffez and Blaustein). 1987;64:653-70
The effect of physical therapy intervention on incisal opening after temporomandibular joint surgery (Braun). 1987;64:544-8
Horizontal condylar angle in relation to internal derangement of the temporomandibular joint (Westesson and Liedberg). 1987;64:391-4
Identification of patients at risk for unnecessary or excessive TMJ surgery (Marciani et al). 1987;64:533-5
Intercondylar dimension as a positioning factor for panoramic images of the temporomandibular region (Chilvarquer et al). 1987;64:768-73
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14
A radiologic and anatomic study of internal derangements of the temporomandibular joint (Lewis). 1987;64:638-44
Retained alloplastic temporomandibular joint disk implants: a retrospective study (Bronstein). 1987;64:135-45
Sexual dimorphism in the distribution of estrogen receptors in the temporomandibular joint complex of the baboon (Milam et al). 1987;64:527-32
Stroke following temporomandibular arthrography (Hupp and Nance). 1987;64:411-12
Two ways to correct bird-face deformity (Obwegeser and Hadjianghelou). 1987;64:507-18
Teratoma
Teratoma of the maxilla (Gardner et al). 1987;64:68-71
Thalidomide
Recurrent aphthous stomatitis of the Behçet's type: successful treatment with thalidomide (Eisenbud et al). 1987;64:289-92
Third molar
Displaced third molar (Mellor and Finch). 1987;64:131 (Roentgeno-oddities)
Transplantation of mandibular third molar in seventh decade: long-term follow-up and evaluation (Conklin). 1987;64:407-10
Tomography; *see* **Computed tomography**
Tongue
Lingual numbness and speech articulation deviation associated with temporomandibular joint disk displacement (Isberg et al). 1987;64:8-14
Regional lymph node metastasis in carcinoma of the hamster tongue (Shingaki et al). 1987;64:190-6
Tongue cont'd
An unusual case of lingual mandibular depression (Ström and Fjellström). 1987;64:158-61
Tori
A modified technique for the construction of acrylic stent for removal of oral tori (Yotnuengnit). 1987;64:26-8
Toxicity
Bacterial contamination as a factor influencing the toxicity of materials to the exposed dental pulp (Watts and Paterson). 1987;64:466-74
Transplantation
Transplantation of mandibular third molar in seventh decade: long-term follow-up and evaluation (Conklin). 1987;64:407-10
Transposition of maxillary canines
Bilateral transposition of maxillary canines (Schoen and Mostofi). 1987;64:503-4 (Roentgeno-oddities)
Treatment response
The endodontic enigma (Cheraskin). 1987;64:625-6
Tuberous sclerosis
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11
Tumor; *see also* **Carcinoma; Malignancy; Neoplasia**
Gingival granular cell tumor of the newborn: immunoperoxidase investigation with anti-S-100 antiserum (Monteil et al). 1987;64:78-81
Immunohistochemical observations on binding of monoclonal antibody to epithelial membrane antigen in epithelial oral cavity and skin (Tatemoto et al). 1987;64:721-6
Immunohistochemistry and ultrastructure of myoepithelium and modified myoepithelium of the ducts of human major salivary glands: histogenetic implications for salivary gland tumors (Dardick et al). 1987;64:703-15
Multiple gingival metastases from angiosarcoma of the breast (Epstein et al). 1987;64:554-7
Tuberous sclerosis complex and a calcifying epithelial odontogenic tumor of the mandible (Rubin et al). 1987;64:207-11

U

Ulceration; *see also* **Erosion**
Oral mucosal cytomegalovirus as a manifestation of the acquired immune deficiency syndrome (Kanas et al). 1987;64:183-9
Spontaneous migration and chemotactic activity of neutrophil polymorphonuclear leukocytes in recurrent aphthous ulceration (Dagalis et al). 1987;64:298-301
Ultrasound
The effect of physical therapy intervention on incisal opening after temporomandibular joint surgery (Braun). 1987;64:544-8
Ultrastructure
Immunohistochemistry and ultrastructure of myoepithelium and modified myoepithelium of the ducts of human major salivary glands: histogenetic implications for salivary gland tumors (Dardick et al). 1987;64:703-15

V

Vasculitis
Oral mucosal cytomegalovirus as a manifestation of the acquired immune deficiency syndrome (Kanas et al). 1987;64:183-9
Veneer
Labial veneers in the management of desquamative gingivitis (Wray and McCord). 1987;64:41-2
Vertical positioning
Modified external reference measurement technique for vertical positioning of the maxilla (Nishioka and Van Sickels). 1987;64:22-3

Viridans streptococci
Development of resistant oral viridans streptococci after administration of prophylactic antibiotics: time management in the dental treatment of patients susceptible to infective endocarditis (Leviner et al). 1987;64:417-20
Virus; *see also* **Infection**
Acyclovir and the treatment for herpetic whitlow (Schwandt et al). 1987;64:255-8
Evaluation of a monoclonal antibody typing system for herpes simplex virus (Fox et al). 1987;64:165-70
Oncogenic potential of sexually transmitted viruses with special reference to oral cancer (Eskinazi). 1987;64:35-40
Review of the herpesviruses and hepatitis A: the potential hazards in dental care (Fagan et al). 1987;64:693-7
Vomiting
Dental erosion secondary to ethanol-induced emesis (Simmons and Thompson). 1987;64:731-3

X

Xeroradiography; *see also* **Radiography**
Caries detection with xeroradiographs: the influence of observer experience (White). 1987;64:118-22
Clinical assessment of anatomic positioning and patient comfort for intraoral radiography: a comparison of xeroradiography versus film (Gratt et al). 1987;64:241-8
An evaluation of xeroradiographs and radiographs in length determination in endodontics (Barkhordar et al). 1987;64:747-50
Xerostomia
Synergistic effect of sialagogues in management of xerostomia after radiation therapy (Epstein and Schubert). 1987;64:179-82

Z

Zygomatic air cell defect
The zygomatic air cell defect (ZACD) on panoramic radiographs (Tyndall and Matteson). 1987;64:373-6 (Roentgenoddities)
Zygomatic arch
Cardiac asystole complicating zygomatic arch fracture (Bainton). 1987;64:24-5
